Cash from Presidential Offices to Be Sent There for Use in Making Up Pay Rolls.

## AND THE CHECK CAME BACK

Secretary Grimes Surprised to Receive One Which Has Been Stolen and Recovered.

[Special to The Times-Dispatch.]

RALEIGH, N. C., April 6.—Postmaster Willis G. Briggs, of the Raleigh post-office, has been notified by the department at Washington that the postmasters of all the presidential post-offices in North Carolina—there being 194 in all—have been directed by the department to remit all their surplus postal funds to the post-office at Raleigh twice a month. Instead of remitting to the United States Treasury at New York, these funds will then be utilized by Postmaster Briggs as paymaster for the rural delivery carriers throughout the State.

There came to Secretary of State J. Bryan Grimes this morning from the Post-Office Department at Washington a check that he had issued personally, connected with which there is an interesting history. It was drawn in favor of Mr. Dempsey Grimes, of Washington, N. C., and was stolen from the railway mail car at Wilson two weeks ago, when the mail clerks on the car were "bamboozled" by a daring robber, who worked the bluff that he was a railway mail inspector, and went through the pouches as he pleased, without hindrance or oversight.

It seems that the letter containing this check was one of those taken. It went to Washington, was opened there, and the check returned to Colonel Grimes, who drew it. However, he refused to receive it, as it had already been endorsed by his brother, to whom it was payable, and there was the further endorsement of the Bank of Washington, N. C. Evidently it was being sent at the time it was stolen from the mails to some correspondence bank in Raleigh by the Washington, N. C., bank for collection at the Citizens' Bank here, where the depositor intended to be checked against it. Colonel Grimes directed that the check go to the Bank of Washington to get started right again.

## Do You Think For Yourself?

Or, do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

There is an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest medicine of Dr. Pierce's Favorite Prescription, sold by druggists for the cure of women's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription is the most critical examination of medical experts for its ingredients, alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famous medicine is advised.

No other medicine for women's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received. In the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice, is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. E. V. Pierce, Buffalo, N. Y.

effort to secure the 1899 convention for Raleigh, and there is every indication that they will be successful. Delegates from Raleigh will be Mrs. E. E. Moffitt, Mrs. Doster, Mrs. William West, Mrs. E. C. Duncan. The alternates are Mrs. J. N. Holding, Mrs. R. M. Albright, Mrs. Herbert Jackson and Mrs. Battis. Mrs. W. S. Primrose, president of the Raleigh Club, and Dr. Dixon-Carroll and Mrs. P. S. Stevens, of the federation board, will also attend from Raleigh.

Senator Daniel Speaks. United States Senator Daniel, of Virginia, was the principal speaker to-day in the argument before Standing Master W. A. Montgomery, of the United States court, in the suit of the United States vs. Machine Company vs. R. H. Wright, of Durham, in which the plaintiff seeks to recover from Mr. Wright \$75,000 claimed to have been collected and wrongfully retained by him while serving as foreign agent for the Bon-sack cigarette machines in Japan.

When the court convened Judge Street, who of Greensboro, concluded his argument for the defense, which came over from Saturday, and then Senator Daniel took up his presentation of the case for the plaintiff, practically all the afternoon being taken up with his summary of the case.

Governor Glenn left this morning for Rutherfordton, where he spoke in the interest of State prohibition this afternoon. To-night he spoke in Caroline to the mill people. He goes to Lincoln-ton tomorrow, then to Shelby Wednesday, to Dallas Thursday, and Gastonia Thursday night, returning to Raleigh as so to spend Saturday in the executive office here.

## WIFE WITHDRAWS CHARGE.

Examination in Case of Oneal, Charged With Assault, Results in Dismissal. [Special to The Times-Dispatch.] ELIZABETH CITY, N. C., April 6.—J. J. Oneal, aged sixty-nine, of this city, was arrested to-day in Hertford on the charge of assaulting an eleven-year-old girl, Carrie Yates. The charge was made by Mrs. Oneal, wife of the defendant. The alleged assault occurred Friday while Mrs. Oneal was at work in the cotton mills, though the child did not mention it until Saturday. Inquiry developed a case of brutality which is under the statutes of North Carolina, a hanging offense.

Oneal was brought here this afternoon and given a hearing before Judge Leigh. A. P. Aydtet appearing in his behalf. Mrs. Oneal, withdrawn her charges and the girl failed to appear to give testimony. The case was dropped.

## ARE HELD FOR GRAND JURY.

Grice and His Associates to Answer Charge of Murder. [Special to The Times-Dispatch.] BRISTOL, VA., April 6.—John Grice, the negro desperado, who shot and killed James Morefield, a magistrate, at Speers Ferry, Va., Sunday morning, sending a bullet through his heart, was captured in the mountains Sunday afternoon after a running fight with the officers, in which many shots were exchanged. Grice, together with another negro arrested at the same time, was hurried to jail at Gate City to prevent mob violence, as there is much indignation and threats were the killing occurred.

Morefield is said to be the third man killed by Grice and his associates. He was captured in West Virginia for the latter's capture are said to aggregate \$1,000. Morefield, who had issued the warrant for the arrest of Grice, was leading the posse when he lost his life. Grice and his associates, Jim Smith and Ed. Holt, were given a preliminary hearing at Gate City to-day, and were held to the grand jury.

## MUCH FRUIT IS KILLED BY THE EARLY FROSTS

[Special to The Times-Dispatch.] BRISTOL, VA., April 6.—Reports from farmers in the counties of East Tennessee and Southwest Virginia indicate that a large part of the peach crop has been killed as a result of the heavy frost and freeze in this section last Saturday morning. The peach blossoms are blackened in many instances but few are found alive. The freeze resulted in much loss, the loss being eight of an inch thick on standing fruit. In the Virginia package district, including the counties of Pulaski and Wythe, there was an unusual amount of ice for the time of year.

## IS INDICTED FOR MURDER OF GROOM

Silas Smith Will Appear in Henrico Court for Trial on April 28th.

## WIFE AND CHILDREN THERE

Have Been Summoned to Appear as Witnesses for Commonwealth.

Henrico courtroom was crowded to its capacity with curious people yesterday morning, when Mr. Thomas C. Ruffin, foreman of the grand jury, returned to Judge Scott a true bill against Silas Smith, charged with the murder of William Murphy at Acres Stock Farm on the morning of March 15th. The indictment was brought after the jury had been in its room but a few minutes. The trial was set for April 28th, 29th and 30th.

Showing but little emotion, Mrs. Margaret Smith and Miss Eugenia Smith, wife and daughter of the accused, were present in the courtroom as witnesses for the Commonwealth. Along with them was Silas Smith, Jr., the four-year-old son of the prisoner. The two women were summoned to appear in the case on the dates appointed.

Other witnesses summoned were James M. Broadbent, W. B. Carter, Edward Jones, R. C. Garnett, A. T. Mallett, W. Walker and Clarence Hall. While Smith has many friends, he was justifiable in shooting Murphy, just what line of defense will be followed by his counsel, Mr. Harry M. Smith, is a matter of speculation. The general opinion is, though, that Smith expects the testimony of his wife and daughter to be favorable to him.

The fact that three days have been set apart for the hearing of the testimony indicates that surprises in the way of evidence for the defense may be sprung after the opening of the case.

## Other Court Matters.

James McCreary, indicted at the last term of the court on the charge of stealing a valuable horse and saddle from Mr. James T. Whitlock, who lives out in the country, pleaded guilty before Judge Scott, when the case came to trial yesterday morning, and received a sentence of one year's labor on the public roads.

McCreary offered no defense, but threw himself upon the mercy of the court. On account of this he got the minimum sentence of six months. He is about thirty years of age, and his mother and father are both living. Besides the indictment of Silas Smith for the murder of William Murphy, the grand jury returned a true bill against Clarence Young and Moses Johnson, colored, for malicious assault on Connie Brown on March 14th, when Brown was badly cut.

The body of James Brown, the colored boy who was killed near Malvern Hill on Saturday morning by a companion, Robert James, was turned over to his relatives yesterday. After a preliminary inquest, the coroner's inquest will be held this morning at 11 o'clock.

Mr. Victor Litchfield was appointed overseer of the poor for Brookland District by Judge Scott yesterday morning. The case of Edie Miles (colored), charged with trespassing upon the property of Sallie Tinsley, in which Miles was sentenced to ninety days by Magistrate Wright, was heard on appeal by Judge Scott yesterday. The magistrate's decision was sustained.

## Examination of Teachers.

Notices have been posted at the courthouse to the effect that teachers' examinations for 1908 will be held as follows: Spring examinations from April 20th to May 24th, and summer examinations on July 23rd, 26th and 28th. Teachers may take either of these examinations, but all who do not expect to attend the summer schools are advised to select the first, as the result of the summer examinations may be taken into consideration.

## Wise Talks by the Office Boy

I see by the papers that Mr. Sam Gomprey says the laboring classes will go into politics. I often wondered why they didn't go in for that before, and send a few more earnest workers to Congress. Most of our Presidents have been farmer lads or hardworking people in the true sense of the term. I guess if all the people who work at manual labor of some kind would combine in a great political party they could have pretty much everything they asked for, and the better fellows would all have to go to work to get into the labor band wagon. I tell you labor is the most dignified thing on earth, and it doesn't matter much what your labor is so long as you produce something. Our farmers are surely nature's noblemen. Our cutters and needlework people are producers of the highest art, tailoring in stylish ready-to-wear, and they learned their trades before they went to work. Working people everywhere are learning to live and prosper and wear good clothes. Every year we are producing in this store better clothing for the working people, crowding more value into every thing we sell, so as to bring the wise ones back again and again. One swallow doesn't make a summer, but every spring for years just the same. Come on in, fellows.

not be made known in time for many to make plans for schools. Those who fall on the first examination will not be permitted to take the second, unless they attend a summer school, or a summer school. Those who are holding certificates who do not take the May examination, but who attend an institute for twenty days, will be allowed to take the examination on the first of this year. If successful will obtain a provisional certificate of such grade as the averages warrant, good for one year. The examination may be completed in 1910, when a full certificate of the proper grade will be issued.

## Improvement League.

Colored teachers of a Henrico county, in connection with the patronage of the Westwood public school, of which Virginia A. Taylor is teacher, have organized the School Improvement League. Recently, under the auspices of the league, an entertainment was given, teachers and patrons participating. The program consisted of speeches by the teachers, the presentation of the colored schools of the county, music and recitations. The principal address was made by Professor J. W. Byco, of the Virginia Normal Institute, who spoke on "The Duties and Responsibilities of the Race." This first entertainment by the league was most successful, and will be followed by others in a short time.

## THE COTTON STILL BURNING.

The Inkum's Cargo Probably Damaged at Least \$50,000. [Special to The Times-Dispatch.] NEWPORT NEWS, VA., April 6.—When an attempt was made to remove damaged cotton from the hold of the British steamship Inkum to-day, fire broke out afresh and to-night the steam pumps are still going in an effort to extinguish the flames. The Inkum, bound from Galveston for Bremen, put into port Saturday with fire in her cotton cargo. Yesterday it was thought that the blaze had been extinguished, and to-day the work of discharging damaged bales was started.

Although it is believed that the vessel has not been injured by the fire, it is estimated that the cargo already has been damaged to the extent of \$50,000. The Inkum probably will be detained here for a week after the fire is extinguished.

## INDICT COOK ON BIGAMY CHARGE

Two Women Claiming to Be Wives Appear Against Hotel Man.

## COCAINE FIENDS INDICTED

Alleged Vendors First to Be Tried Under New Law—Imposing Heavy Punishment.

Henry Cook, formerly chief clerk at a hotel here, was indicted by the grand jury in the Hastings Court yesterday on a charge of bigamy, two women claiming to be his wives appearing as witnesses for the Commonwealth. It is alleged in the indictment that Cook was married to Miss Mae L. Conn on August 16, 1905, and that he was subsequently married to Miss Lucile G. Early at Elizabeth City, N. C., on October 31, 1907. Mae L. Conn and Lucile G. Early were witnesses against him. Other witnesses for the prosecution were A. M. Tomlinson, Alice Morris, J. L. Whitshire, Mrs. F. J. Parker, Mrs. E. J. Skinner, Mrs. G. D. Cole, P. A. Smith, Margaret Hayes, L. E. Thompson and P. M. Fry.

## After Cocaine Dealers.

Along with its other work, the grand jury of which Robert L. Peters, president of the Common Council, was foreman, went after the cocaine dealers, indictments being returned against Ernest Harrison, Callie White and Mary Russell in one case, and John Owens and Dinah Lacey in another. Under the new law there is not much possibility of escape for the mere fact that the drug is found in the possession of persons is an evidence of guilt. The penalty is from one to five years in the penitentiary, whereas under the old law the maximum punishment was thirty days in jail. What will hurt the offenders most severely is the fact that there is now a strong public sentiment against those who debauch the negroes and poorer white classes by putting "coke" within their reach.

## List of Offenders.

Following is a list of true bills returned yesterday:

William Adams, John Adams and Henry Brown, malicious wounding; James Brown, alias James Young, housebreaking; Waverly Bates and Daniel Coleman, carbreaking; Harry Cook, bigamy; Maud Easton, grand larceny; Harrison Edwards and Richard Berkley, housebreaking; W.
